

## Smurfit Kappa

**EmaPack**  
BY RHAPSO

KAPPA SIEMCO is part of the group KAPPA, one of Europe's leaders in the field of packaging. Our market, in the field of corrugated packaging, touches many different areas, all with their own requirements.

**Rhapso** used its ERP, em@ to configure a total solution that is light, and quick to use. This innovative solution provided us with very extensive, open administrative management, in real time. KAPPA SIEMCO has greatly benefited from the professional response, quick set-up, continuity in service and universal use. There is no doubt about the benefits linked to the technology that is used: set-up cost, compatibility with other systems, facilitated remote access... **Rhapso** is a young, dynamic enterprise that continues to accompany us daily, whether to help us solve problems related to software use, or to the evolving needs of our company.

Dominique DURIEUX  
IT manager Kappa Siemco

*Rhapso is a software editor.*

*Initially designed to meet expectations from the corrugating industry, EmaPack solution has been quickly expanded in order to provide folding cartons plants, transformers, paper industries and traders with a state-of-the art global ERP.*

*Moreover Rhapso sells Graphisoft as a leading solution for both printers and actors of the printing eco system.*

*4000 users on 1000 sites located in 30 countries are running Rhapso solutions all over the world. Rhapso is a CIP4 full member and supports JDF connections with all major suppliers of the market place. Visit our website: [www.rhapso.com](http://www.rhapso.com)*
